COLLEGE UNDERGRAD

PERSONAL INFO

I am currently a Computer Engineering Undergrad at Vishwakarma Institute of Technology , Pune.I have a lot of interest in coding and have started working towards it.I take a lot of interest in latest technologies like Artificial Intelligence , Machine Learning , Blockchain etc...

EDUCATION

- Bachelor of Technology** **2024-2028**
Vishwakarma Institute of Technology,Pune
- Class-XII** **2022-2024**
ASM CSIT,Pimpri,Pune

EXPERIENCE

- Applied science and engineering project on a tiffin delivery website called TiffinConnect in Semester-1** **2024-2025**
Vishwakarma Institute of Technology,Pune
 - I did the front end part of the website with my group using fundamentals of HTML,CSS and Javascript.
 - I also helped my groupmates with the backend development part using Javascript and NodeJS.
 - We also used a payment gateway to enhance the quality of our system.
 - I has got a future scope as told by our project guide.
- Project on Energy Harvesting using Speed Breaker in Semester-2** **2025**
Vishwakarma Institute of Technology,Pune
 - Understood key concepts about Arduino and applied them in the project.
 - I also helped my team in analysing and forming the system using hardware components like rack and pinion,etc...
